

CHARMING CHIANG MAI

CHIANG MAI MUNICIPALITY

A area of responsibility of Chiang Mai Municipality covers about 40 square kilometers with a population of 120,787 as August 2021

ATK (ANTIGEN TEST KIT)

- During The Coronavirus disease pandemic, we established more than three Covid Antigen screening sites. People who would like to check their condition can just come in and get a result in about 15 minutes.
- If a positive result is found, the patient will be taken to the nearest hospital for further treatment

CM-CHANA

CM-CHANA

รหัส QR “CM CHANA”

All tourists and visitors must register their mobile phone with the Chiangmai – CM – Chana application, an application that tracks the owner’s visits to various locations in Chiangmai, once they arrived.

VACCINATION

Tourists must have two doses of vaccine-
Must apply for CM Chana once they
arrive – Covid ATK tests are required on a
regular basis.

CITY CENTER

- You can pick from three different packages. Tourists may enjoy hotel facilities and golf throughout their stay under Program A, which lasted five days. Tourists who stay for 14 days in Program B can explore some of Chiang mai's most interesting sites. Tourists on Program C could spend seven days in Phuket and seven days in Chiang mai.
